

Load Equalizing Dollies | 12 Tonnes | Low Profile Machine Skates

Model JLB 6 K

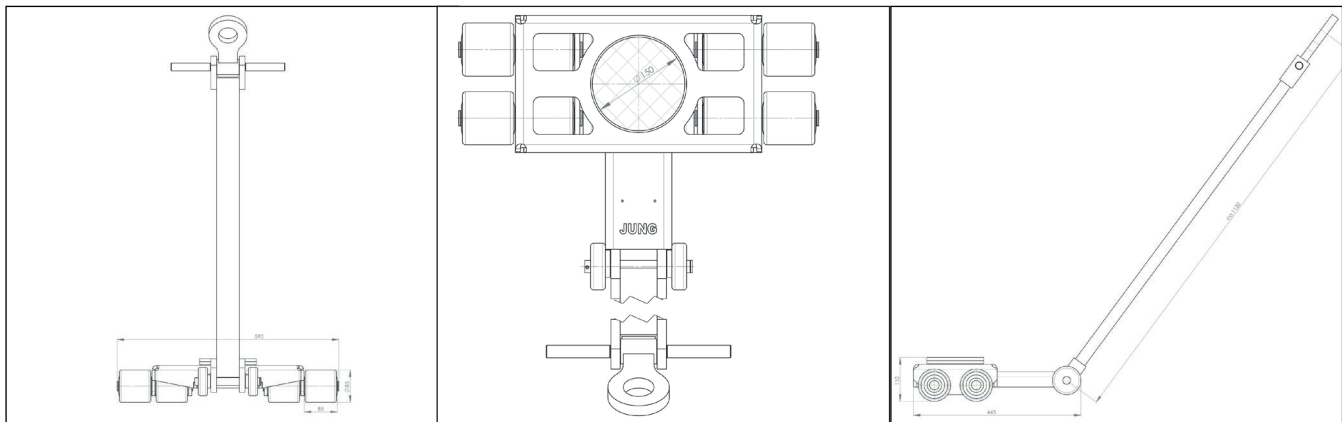

Advantages of the steerable trolley JLB 6 K

- The transport trolleys are ready to use and include a steerable model with a ball bearing-supported turntable and handlebar.
- The load cassettes are constructed with advanced materials, resulting in reduced weight.
- The support wheels are non-marking.
- The K-series towing bars can be fitted with a removable handle, which is also available as a separate re-fitting set.
